What You Need to Know Now to Protect Your Interests

Informational Meeting

When: June 27,
2012

Where:

Lakota East
High School
7630 Bethany
Road
Liberty Township,
Ohio 45044

Time: 6:30 p.m.

The 1,230 mile Appalachia-to-Texas (ATEX) Enterprise pipeline will stretch across 13 central and southern Ohio counties, including Butler to transport millions of barrels of ethane to the Texas Gulf Coast. If your property is in the path of the pipeline, the company behind it will be looking to secure an easement agreement. What you don't know can lock you into something that could negatively affect your property and pocketbook for years to come.
