PURPOSE

The purpose of the Animal Agriculture 203 course is to provide a basic understanding of farm animal behavior and handling in order to be better prepared to respond in the face of an incident involving livestock. This will be accomplished through hands on activities with animals.

TARGET AUDIENCE

- Firefighters (5.0 hours of CE granted by Ohio Fire Academy)
- Law enforcement officers
- County emergency management directors
- Regional animal response teams
- Humane officers/agents
- Dog wardens
- Animal control officers
- Wildlife officers
- Other first responders who may need to handle farm animals

Participants should be dressed appropriately for the weather and are required to have closed toe shoes; boots preferred.
