

OHIO FARM BUREAU

Do Your Homework While Investing in Renewable Energy

Resource Speaker:

Dale Arnold, Director, Energy, Utility and Local Government Policy, Ohio Farm Bureau Federation

Dale will help program participants explore key issues, as well as formulate questions consumers need to have addressed to ensure their investment is an effective tool for helping them control their energy costs. Topics covered include:

- Investing in an energy audit.
- Checking local zoning regulations and community development plans.
- Engaging the local utility company and customer friendly interconnection standards.
- Using references to identify renewable energy service providers.
- Understanding renewable energy credits (RECs) and working with aggregators and brokerage firms.
- Seeking legal counsel to address contract terms, rebates, grants, energy credits and potential non-delivery penalties.
