Re: County Farm Bureau Agricultural Grant Program
Date: March 2016

The Coshocton County Farm Bureau will be awarding study grants ranging from \$100.00 to 500.00 to qualified students from Coshocton County who are or will be pursuing further education. The academic grants will be awarded to a limited number of students based on the following qualifications:

1. The student must be planning to pursue a degree at any two or four-year accredited institution majoring in Agriculture or an ag related industry. Examples include, but are not limited to horticulture, landscape architect, food/meats science, natural resources/wildlife, ag construction or ag mechanics.
2. The student must have an accumulative 2.5 GPA. The grant will be awarded after delivery of the student's most current college transcript, and can be applied to any expenses as the student sees fit. Monies must be distributed within 18 months of award date.
3. The enclosed application must be filled out as completely as possible for full evaluation and possible award.
4. Applicant applying or applicants' parent(s) must be a member of the Coshocton County Farm Bureau (membership must be current at time of application and distribution of monies).
5. The committee will judge based on evidence of deliberate research and thoughtful analysis as well as writing quality. We are not looking for any specific answer or opinion.

Please feel free to distribute the enclosed materials to any interested student. If you have any questions, please feel free to contact our Organization Director, Kari Burkey at 740-796-2635 or 1-800-964-8184 anytime.

Thank you for your cooperation and support.
