With special thanks to...

Shelby County Fish & Game Club

North Central Ohio Solid Waste District

Shelby County Cattlemen's Association

Shelby County Farm Bureau Promotion & Education Committee

Shelby County Pork Producers

Dear Parents,

We are pleased to offer your child the chance to attend the 2020 Shelby County Conservation Day Camp. The campers and staff had a great time in past years and we look forward to the same success this year!

While at camp, your child will be supervised by a staff of adults and teen counselors. Our staff will guide your child through the sessions as well as maintain a positive learning environment. A first aide attendant will be on hand each day to handle the scrapes and bruises that sometimes come with outdoor playing and learning.

Daily your child will attend five sessions taught by instructors from around the area. Understanding that learning is meant to be fun, these presenters will use hands-on skills to help your child grow. Additionally, your child will be able to bring home a memory made during camp as a reminder of what they have learned.

We are thrilled to have the support of the community during camp. Your child will have a well balanced meal prepared by local community groups. These lunches are sponsored financially by local organizations. Please help us thank them!

Conservation Day Camp is being held at the Shelby County Fish & Game Club on Sidney Freyburg Rd. in Sidney. We will have a variety of outdoor learning experiences planned so please remember to dress your child to be outside.

Also, please be courteous to other drivers when you bring your child to camp and observe the traffic patterns which will be monitored by our adult staff. You will receive a map, health form and other information after your child registers for camp. Please contact us with questions:
