

"I really enjoyed my summer youth experience. I was so happy to be productive and out of the house for the summer months that I would have participated for free! I really liked working with other students, even those who needed extra accommodations, because I could usually help them too. I liked staying busy and working hard."

-Makayla

Coleman connects people to meaningful jobs

Coleman understands who needs workers like you. We match young job candidates with great summer job opportunities throughout June-July-August (and sometimes beyond!)

- Earn money!
- Build your resume!
- Learn new skills and responsibilities!
- No fee or cost to the job seeker!
- Change your life with great work experiences!

Who We Place in Summer Jobs

Coleman helps high school age students with vocational and career-building support. A great summer job makes all the difference for high school students who are:

- Diagnosed with learning and other disabilities.
- Face behavioral challenges.
- In transition and need help with housing, education and vocational guidance.
- Other situations also apply. Contact Coleman with any questions - we can help.

**No work experience?
No problem! We'll match you to the perfect job.**

Ready to work? Know someone we should meet?
