

# Marion County Farm Bureau 2025 Adopted Policy

<u>LOCAL</u>	
1	We support putting fencing around all DKMM collection sites and increased pick-ups.
2	We support wind and solar projects prioritizing the use of non-agricultural land, which includes parking lots and brownfields, or land with limited agricultural value to minimize the disruption of food, fuel and fiber production.

<u>STATE</u>	
1	We support restricting the Deer Surveillance Area (DSA) to a two-mile radius of a confirmed positive case of Chronic Wasting Disease (CWD).
2	We oppose prohibiting supplemental feeding of wildlife.
